

SPECIFICATION SHEET

Pointe Dining Arm Chair

SKU: 1307

DESCRIPTION

Discover the Pointe Dining Arm Chair, a testament to the Pointe Collection's fusion of mid-century elegance and modern practicality. Constructed from Indonesian Teak, known for its natural oils and dense grain, this chair ensures lasting beauty and performance in outdoor settings. Its N-Dura™ Resin Wicker seat provides a comfortable embrace, allowing for enjoyment with or without an additional cushion. As it ages, the teak frame will gracefully transition to a sophisticated silver patina, adding unique character while maintaining simplicity in care. As an integral piece of a chic dining ensemble, the Pointe Dining Arm Chair enhances alfresco dining experiences with its versatile design, suitable with or without a seat cushion.
